Pet Cemetery

Our Pet Cemetery at Gore Street, Monkton, near Canterbury is the only cemetery in Kent for the burial of our beloved animals. The Pet Cemetery, known as The Thanet Animal Cemetery, was established at this beautifully tranquil, rural setting in 1974 and is home to thousands of our departed cherished pets (and lots of live rabbits and moles too!).

Pet Burial Service

On your instruction, we will arrange collection of your pet, either from your home or veterinary practice. We will arrange a time that suits you to attend the burial (if you wish to attend) and your pet will remain in our care until this time.

As you arrive at the cemetery we will greet you at the gate and take you to the graveside, where your pet will be laid out and you will be given as much time as you wish to say your final farewells.

You can then either leave us to complete the burial, witness the completion, or return after around 30 minutes when the grave will be re-covered (you may wish to leave flowers on the finished grave).

Coffins available at extra cost if required.

Headstones are available on request or you are welcome to adorn the headstone area of your plot with your own decoration.

The Cemetery is open all year round and you are welcome to visit without an appointment.

Car parking is available on the site.

Rainbow Bridge Poem

There is a bridge connecting heaven and earth. It is called Rainbow Bridge because of its many colours. Just this side of the Rainbow Bridge there is a land of meadows, hills, valleys with lush green grass. When a beloved pet dies, the pet goes to this special place. There is always food and water and warm spring weather.

The old and frail are young again. Those who are maimed are made whole again. They play all day with each other. There is only one thing missing. They are not with their special person who loved them on Earth.

So each day they run and play until the day comes when one suddenly stops playing and looks up !

The nose twitches !

The ears are up !

The eyes are staring !

And this one suddenly runs from the group !

You have been seen, and when you and your special friend meet, you take him or her into your arms and embrace.

Your face is kissed again and again, and you look once more into the eyes of your trusting pet.

Then you cross the Rainbow Bridge together, never again to be separated
